# ARBOR DAY ART

Arbor Day is April 24, 2020. On Arbor Day we celebrate the role of trees in our lives and promote tree planting and care.

Create a poster to promote Arbor Day.

# WHY ARE TREES SO IMPORTANT?

- Trees help clean our air.
- Trees provide us with oxygen.
- Trees help clean our drinking water.
- Trees provide much needed cooling.
- Trees help reduce the effects of climate change.
- Trees help us save energy.
- Trees benefit wildlife.
- Trees contribute to our health.

Choose one of these tree benefits to be the slogan on your poster.

Once you select your poster slogan, you can create a poster that fits this theme. There are some ideas here to help you create your poster.

# POSTER IDEA 1

- Make a handprint tree.
- Paint a tree trunk with brown paint.
- To make an autumn tree use orange, yellow, and red paint to make the handprints.
- To make a summer tree, use different shades of green paint instead.
- Add your slogan to the poster.

## POSTER IDEA 2

- Make a spring tree in blossom.
- Paint a tree trunk and branches with brown paint.
- Gather different shades of white, pink, and purple paint.
- Using your fingertips, cotton balls, or cotton swabs; make little dots of paint across all the tree branches.
- Add your slogan to the poster.

## POSTER IDEA 3

- Create your own picture that represents your theme or look to your backyard or local park for inspiration.
- Draw and color your picture.
- Add your slogan to the poster.
